the conquests of alexander the great were followed by a flood of greek migration into the lands previously ruled by persia in egypt thanks to the survival of collections of related documents written on papyrus it is possible to study the fortunes of some of these immigrants and their families and of some of their egyptian neighbors with an immediacy provided by no other ancient source in this book we see the engineer kleon battling with problems of irrigation and silting while the district officer diophanes deals with disputes arising from the mutual hostility between two populations some egyptians such as menkhes the village clerk and panebkhounis the soldier gain through their services some of the privileges enjoyed by the greeks the greek cavalry officer dryton on the other hand marries an egyptian and in the next generation his family begins to lose its greek identity these and other case studies compose a vivid picture of life in a country in which the native egyptian population is dominated by a privileged and exclusive greek minority publisher description

explores the impact of the gradual adoption of coinage into egypt by the early ptolemies

this book investigates the law enforcement system of ptolemaic egypt 323 30 bc

first published in 1927 this title presents a well regarded study of this intriguing and often over looked period of egyptian history both for the general reader and the student of hellenism edwyn bevan describes his work as an attempt to tell afresh the story of a great adventure greek rule in the land of the pharaohs which ends with the astounding episode of cleopatra the result is a remarkable synthesis of historical scholarship prose style and breadth of vision which will still prove to be of value to egypt enthusiasts and students of egyptology

this history of land tenure under the ptolemies explores the relationship between the new ptolemaic state and the ancient traditions of landholding and tenure departing from the traditional emphasis on the fayyum it offers a coherent framework for understanding the structure of the ptolemaic state and thus of the economy as a whole drawing on both greek and demotic papyri as well as hieroglyphic inscriptions and theories taken from the social sciences professor manning argues that the traditional central state despotic model of the egyptian economy is insufficient the result is a subtler picture of the complex relationship between the demands of the new state and the ancient locally organized social structure of egypt by revealing the dynamics between central and local power in egypt the book shows that ptolemaic economic power ultimately shaped roman egyptian social and economic institutions

this volume examines lending practices in egypt during the ptolemaic period 332-30 bce especially but not exclusively through the lens of the demotic loan account papyri of panas son of espmetis it begins by introducing some of the issues associated with the history of ancient lending and surveys previous discussions of lending practices in ptolemaic egypt it then introduces the demotic loan account papyri of panas and how they alter the current understanding of lending in ptolemaic egypt the volume explores the contents of the papyri placing them in their social legal and historical contexts and concludes with a full edition of the papyri

the contents of this book cover egypt in the first millennium bc the historical understanding of the ptolemaic state moving beyond despotism economic planning and state banditry shaping a new state and much more

amyrtaeus only pharaoh of the twenty eighth dynasty shook off the shackles of persian rule in 404 bce a little over seventy years later ptolemy son of lagus started the greek millennium j g manning s phrase in egypt living long enough to leave a powerful kingdom to his youngest son ptolemy ii in 282 in this book expert studies document the transformation of egypt through the dynamic fourth century and the inauguration of the ptolemaic state ptolemy built up his position as ruler subtly and steadily continuity and change marked the egyptian greek encounter the calendar the economy and coinage the temples all took on new directions in the great new city of alexandria the settlers burial customs had their own story to tell

includes pictures includes ancient accounts includes online resources and a bibliography for further reading among all the periods in ancient egyptian history the ptolemaic kingdom and its most famous ruler cleopatra may be the most well known today by the 4th century bce it appeared as though ancient egypt was in its final death throes it had long ceased to be an influential kingdom in the near east and mediterranean regions and it had been ruled over by a succession of foreign peoples including libyans nubians assyrians and persians but just when egypt seemed was doomed to pass forever into obscurity it was reinvigorated by outsiders most notably alexander the great while in the process of campaigning to destroy the achaemenid persian empire and conquer the world in 331 bce he made

a pit stop in egypt that forever changed the course of egyptian history although his understanding of ancient egyptian chronology and religion was minimal alexander was intrigued by ancient pharaonic culture knowing as the 5th century bce greek historian herodotus once wrote egypt is the gift of the nile as a result alexander endeavored to incorporate the land of the pharaohs into hellenic civilization although alexander never lived to rule over egypt one of his generals ptolemy i did and it was he who established the last great pharaonic dynasty in egypt known as the ptolemaic dynasty the ptolemies gave ancient egypt an injection of vitality that had not been seen in the nile valley for centuries preserving many aspects of native egyptian culture while adding their own layer of hellenic culture the first few ptolemaic rulers proved as able as any of their egyptian predecessors as they worked to make egypt a first rate power in the world once again unfortunately these able rulers were followed by a succession of corrupt and greedy kings more concerned with personal wealth and power than the stability and greatness of their kingdom eventually ptolemaic egypt collapsed due to weak rulers internal social problems and the rising power of rome but before the ptolemaic dynasty was extinguished it proved to be one of the most impressive royal houses in ancient egyptian history the end of the ptolemies also happened to coincide with the most famous period of roman history in the latter 1st century bce men like julius caesar mark antony and octavian participated in two civil wars that would spell the end of the roman republic and determine who would become the roman emperor in the middle of it all was history s most famous woman cleopatra who famously seduced both caesar and antony and thereby positioned herself as one of the most influential people in a world of powerful men cleopatra was a legendary figure even to contemporary romans and the ancient world and she was a controversial figure who was equally reviled and praised through the years depicted both as a benevolent ruler and an evil seductress occasionally at the same time over 2 000 years after her death everything about cleopatra continues to fascinate people around the world from her lineage as a ptolemaic pharaoh her physical features the manner in which she seduced caesar her departure during the battle of actium and her famous suicide and despite being one of the most famous figures in history there is still much mystery surrounding her and the end of the ptolemies leading historians and archaeologists scouring alexandria egypt for clues about her life and egypt s transition to roman rule the ptolemaic kingdom of ancient egypt the history and legacy of the ptolemy dynasty and the end of the egyptian empire chronicles the tumultuous history of egypt late in the second millennium bce along with pictures depicting important people places and events you will learn about the new kingdom like never before

ptolemy was the creator of the longest lasting of the hellenistic kingdoms he created a state whose cultural importance was unparalleled until the coming of rome he encouraged the erection of the pharos lighthouse one of the seven wonders of the ancient world as well as creating a library which eventually contained the greatest collection of books until relatively recent times ptolemy s institution of higher learning the museum gave birth to the greatest advancements in science before the seventeenth century of our own era in this work the first biography of ptolemy in any language professor ellis charts ptolemy s extraordinary achievements in and beyond egypt in the context of the fragmentation of alexander s enormous empire and the creation of the hellenistic state

in this illustrated work of 1895 mahaffy focuses on the dynasty of the ptolemies greek rulers of an egyptian empire

this book examines how the army developed as an engine of socio economic and cultural integration in egypt under greco macedonian rule

the first economic history of ancient egypt employing a new institutional economics approach and covering the entire pharaonic period 3000 30 bce

examining every aspect of the culture from antiquity to the founding of constantinople in the early byzantine era this thoroughly cross referenced and fully indexed work is written by an international group of scholars this encyclopedia is derived from the more broadly focused encyclopedia of greece and the hellenic tradition the highly praised two volume work newly edited by nigel wilson this single volume reference provides a comprehensive and authoritative guide to the political cultural and social life of the people and to the places ideas periods and events that defined ancient greece
