the christian message needs a new interpreter one that is particular enough to know and interpret the tradition but broad enough to evoke thought and feeling from broader groups of people including evangelicals liberals and those who are disenchanted with churchd religion and who describe themselves as spiritual but not religious yet are fond of the jesus tradition this book helps readers to understand the new landscape and its key figure rob bell by bringing a reasoned voice to the conversation and shedding light on the story directions and emotional power of the figure who andy crouch claims will be the main influence on christians in this generation while his theology is seen as a theo political stage by church leaders when rob bell tours and speaks it is the unchurched the people in the pew the people who want to be in the pew who are listening by the thousands his recent placement on the cover of time magazine sealed his import on the american landscape for anyone interested in religion jonathan nathan a bookbuyer for the harvard coop the largest booksellers in new england with a significant religion section says that no book has ever sold like rob bell s to an audience that is young thoughtful and college educated bell s church has 10k members and his

influence has affected every sector of the american protestant church why because rob bell has caused the whole evangelical world to rethink the scope of salvation with one single question who gets to be saved with that short sentence bell has initiated a whole new movement in rethinking what it means to be an evangelical a movement that has only begun not only are heaven and hell at stake but salvation itself is it meant for all or for only a small elect group and if so who gets to decide the parameters of that small group if heaven and hell are not ultimate identifiers for a life of faith can the passion to evangelize be maintained if salvation is not either or but both and does the whole idea of world evangelism simply disappear rob bell has created another question for evangelicals will you decide to live in a closed world of your own making or an open world those most influenced by rob bell are younger evangelicals who are dying to open up their worlds rob bell just gave them permission according to andy crouch his is the voice that will most influence this current generation for liberals rob bell gives them reason to be passionate about their faith and to think in big terms about it without giving up their minds and their questions for the conservatives he is the voice that young christians are looking to and admiring and even if they disagree they are trying to observe and imitate his approach and appeal rob bell doesn't have the personality to sink into some religious subculture he is a new super religious brand the apple or pixar of his generation evangelicals will buy it because they want to damn him imitate him or do both liberal religionists will buy it because they know that he is a schleiermacherian figure making a case for faith to its cultured despisers with passion and a new aesthetic spiritual but not religious folks will buy it because rob bell has an invitation and appeal that is rare and appeals well beyond holy huddles as an authorized biography that will allow for extensive interviews with bell and his some of his congregants this will include interviews with outside informed supporters and those that reject him and his theology the book will reveal what makes him tick how his wheaton college background affected his work and how he is dealing with accusations of being on the border of evangelical heresy this book will be researched and written over the next two month with a finish date of december 1 half or more will be available by the fall aar sbl annual meeting with the plan to have rob bell and the author presenting the book will show how is he challenging orthodoxy and why theologians are upset it will outline the key players in the debate it will also argue that no matter what the theologians say people are still attending bell's church listening to him speak this is in large part because the man has a pastor's heart he cares about his people the theologians aren't reclaiming the conversation they are making themselves irrelevant as the people who want genuine faith and are coming to rob bell's books and talks because as bell said when the woman coming to church tells me she has stopped cutting herself and that a life of faith makes a difference that's where the real things are happening finally people like him he is a charismatic speaker that young people are listening to he has something to say and he is pastorally living the heart of what he is saying

outreach 2022 recommended resource spiritual growth all fruitful doing must begin with being for many christians it's easy to be

swept up into the fast pace of modern life desiring to do much for god but we struggle to slow down and be with god according to pastor enneagram teacher and author aj sherrill being with god is what empowers doing for god sherrill shares his own journey from busy christianity to the ancient paths of contemplative practices he equips readers to integrate rhythms of stillness silence and solitude offering step by step guidance and examples of finding solitude both personally and on retreats sherrill warns that making these changes appears absurd in a society where time is money productivity is central and hurry is a way of life he guides readers gently through the beginning and often confusing stages of contemplative practice citing timely insights from the world of neurology and mental health he shows that solitude is crucial not only for christian growth but also for holistic flourishing foreword by rich villodas readers will emerge centered in christ well on their way to this goal slow down pay attention be still and be loved

one of the most significant developments within contemporary american christianity especially among younger evangelicals is a groundswell of interest in the reformed tradition in reformed resurgence brad vermurlen provides a comprehensive sociological account of this phenomenon known as new calvinism and what it entails for the broader evangelical landscape in the united states vermurlen develops a new theory for understanding how conservative religion can be strong and thrive in the hypermodern western world his paradigm uses and expands on strategic action field theory a recent framework proposed for the study of movements and organizations that has rarely been applied to religion this approach to religion moves beyond market dynamics and cultural happenstance and instead shows how religious strength can be fought for and won as the direct result of religious leaders strategic actions and conflicts but the battle comes at a cost for the same reasons conservative calvinistic belief is experiencing a

resurgence present day american evangelicalism has turned in on itself vermurlen argues that in the end evangelicalism in the united states consists of pockets of subcultural and local strength within the cultural entropy of secularization as religious meanings and coherence fall apart
